The Energy Network is administered by the County of Los Angeles and funded by California utility ratepayers under the auspices of the California Public Utilities Commission. www.theenergynetwork.com

Energy Upgrade California® Home Upgrade provides assistance and incentives for home improvement projects that can reduce energy use and make homes more comfortable. This statewide program is managed locally by utilities and regional energy networks and directed by the California Public Utilities Commission in collaboration with the California Energy Commission. Funding comes from utility customers under the auspices of the California Public Utilities Commission. Incentives are offered on a first-come, first-served basis and are effective until funding is expended or the program is discontinued. Programs may be modified or terminated without prior notice. Trademarks are property of their respective owners. All rights reserved.

Home Upgrade

Energy Upgrade California®

Supported through statewide energy efficiency funds, Home Upgrade rebates and incentives can help you take the next step toward more comfortable, healthy living.

Improve your comfort and indoor air quality

Increase your home's energy efficiency

Invest in your home and increase its value

Earn rebates & incentives

What resources are available?

Home Upgrade includes two levels of rebates and incentives.

- **Home Upgrade** offers up to \$3,000 in rebates and incentives for pursuing three or more energy efficiency upgrades from a menu of options. (See next page.)
- **Advanced Home Upgrade** offers rebates and incentives for pursuing a comprehensive, customized energy efficiency upgrade. Contact your utility provider for more information.

The Energy Network also offers low-interest financing for rebate participants.

Learn more: <http://tenres.com/homeupgrade>

Who can participate?

Rebates are available statewide, but vary based on the local utility provider. This brochure applies to homeowners of single-family detached homes in Los Angeles County who are customers of both Southern California Edison and Southern California Gas Company®.

Single family detached home

Customers of both Southern California Edison **and** Southern California Gas Company

Located in Los Angeles County

Calculate Your Home Upgrade Rebate!

Choose any three (or more) measures to get started.

Whole Building Air Sealing <small>Reduce leaks by $\geq 15\%$, then \$250; if $\geq 30\%$, then \$450</small>	\$250 \$450	<input type="checkbox"/>
Attic Insulation & Plane Sealing <small>Insulate to $\geq R-38$, then \$550; if $\geq R-44$, then \$650</small>	\$550 \$650	<input type="checkbox"/>
Duct Sealing <small>Seal to $\leq 10\%$, then \$250; if $\leq 6\%$, then \$650</small>	\$250 \$650	<input type="checkbox"/>

Bonus

If two of the above measures are chosen, add \$150
If three of the above measures are chosen, add \$350

Duct Insulation <small>Insulate to $\geq R-8$</small>	\$400	<input type="checkbox"/>
Central Air Conditioner <small>Replace unit with ≥ 15 SEER</small>	\$750	<input type="checkbox"/>
Central Furnace <small>Replace unit with $\geq 92\%$ AFUE, then \$600; if $\geq 95\%$ AFUE, then \$700</small>	\$600 \$700	<input type="checkbox"/>
Wall Furnace <small>Natural gas gravity wall furnace replacement $\geq 70\%$ AFUE</small>	\$400	<input type="checkbox"/>
Windows <small>U-Factor ≤ 0.32 and SHGC ≤ 0.25</small>	\$700	<input type="checkbox"/>
Wall Insulation <small>Insulate to $\geq R-13$</small>	\$500	<input type="checkbox"/>
Floor Insulation <small>Insulate to $\geq R-19$</small>	\$550	<input type="checkbox"/>
