

The companies below have indicated that they offer combustion safety testing services. Home Upgrade Quality Control Mentoring may still be required if a Participating Contractor uses one of the providers listed. Please contact your Account Manager with The County of Los Angeles/SoCalREN to confirm if your first Energy Upgrade California® Home Upgrade project will be exempt from mentoring.

Energy Upgrade California® Home Upgrade provides assistance and incentives for home improvement projects that can reduce energy use and make homes more comfortable. This statewide program is managed locally by utilities and regional energy networks and directed by the California Public Utilities Commission in collaboration with the California Energy Commission. Funding comes from utility customers under the auspices of the California Public Utilities Commission. Incentives are offered on a first-come, first-served basis and are effective until the funding is expended or the program is discontinued. Terms and conditions apply. See program rules for details. Programs may be modified or terminated without prior notice. ©2017 Southern California Regional Energy Network. Trademarks are property of their respective owners. All rights reserved.
